I. BASIS FOR JURISDICTION

Federal courts are courts of limited jurisdiction (limited power). Generally, only two types of cases can be heard in federal court: cases involving a federal question and cases involving diversity of citizenship of the parties. Under 28 U.S.C. § 1331, a case arising under the United States Constitution or federal laws or treaties is a federal question case. Under 28 U.S.C. § 1332, a case in which a citizen of one State sues a citizen of another State or nation, and the amount in controversy is more than \$75,000, is a diversity case. In a diversity case, no defendant may be a citizen of the same State as any plaintiff.

Dan,

I got your voicemail from Sunday, April 17, 2022, as well as your and RYANNE's email from the same day.

I am confused as to why you continue to reach out, as previously stated on Thursday, February 17, 2022, some unexpected things have popped up, I am and will continue to spend a lot of time devoted to these areas and may not be able to hang out as much. I will reach out to you all when the time is right.

You've expressed that ELIAS feels hurt. I am sorry that ELIAS feels hurt. My intention was never to hurt ELIAS.

A friendship gives space for each individual to prioritize their responsibilities, goals, needs and wants. If an individual is labeled as selfish for prioritizing their responsibilities, goals, needs and wants in a friendship, that is not a friendship – that is a form of control.

I have been a good friend to both you and RYANNE and have always used kind words towards you both. In your voicemail, your tone was angry, your words were not kind and you cursed at me.

I do not tolerate someone trying to control me, nor do I tolerate someone cursing at me.

Given the continued boundary crossing(s) – while I have enjoyed the times that were spent together, this friendship no longer works for me.

Do not contact me again, by any means or in any way; this includes RYANNE as well. I wish you both well.

What is doxxing and what can you do if you are doxxed?

(<https://www.therapistdiversity.com/2019/07/15/what-is-doxxing-and-what-can-you-do-if-you-are-doxxed/>)

- "According to the International Encyclopedia of Gender, Media, and Communication, doxxing is the unauthorized publication of a person's private information online without their consent, often with malicious intent. This includes the sharing of phone numbers, home addresses, identification numbers and essentially any sensitive and previously private information, such as personal photos that could make the victim identifiable and potentially exposed to further harassment, humiliation and real-life threats including stalking and unwanted encounters in person.
- While anyone can be doxxed, reportedly women are more likely to be targets of mass online attacks, leaks of their sensitive media, such as sexually explicit imagery that was stolen or shared without consent and unsolicited and sexualized messages."

What is doxxing, and why is it so scary?

(<https://www.therapistdiversity.com/2019/07/15/what-is-doxxing-and-what-can-you-do-if-you-are-doxxed/>)

- "It's almost a given that you have personal information available online. Beyond social media and online discussion boards, there are public records of property ownership and vehicle registration, as well as credit history and employment records assembled by credit-rating agencies.
- Taken individually, many of these pieces of information are benign. So you cast a ballot in the 2016 presidential election, have a child enrolled at a particular public elementary school, or once posted a comment on a local newspaper site objecting to institutional racism. A great many people know those things – even strangers. The harm doesn't come until someone figures out how to put these pieces together and then publishes it all online.
- This kind of revelation is called "doxxing," an old internet term that comes from the idea of collecting the documents, or "docs," on a person. The effort to discover and reveal personal information, of course, is not always malicious."

Swarming and the Social Dynamics of Group Violence

National Institutes of Health (NIH) | National Library of Medicine | National Center for Biotechnology Information

By <https://www.ncbi.nlm.nih.gov/pmc/articles/PMC6022211/>
(<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC6022211/>)

- "The phenomenon of swarming - the unexpected gathering of large numbers of people in particular public locales. Swarming may or may not feature violence. It does, however, involve

large crowds - crowds that may occasionally transform into 'mobs'. The size of the crowd is what also transforms a private home or private party into a public event via the spilling out of people on to footpaths and surrounding streets and lawns.

- The confrontational style of the police - especially if they showed up in numbers, and in riot gear - was seen to be a precipitating cause of the subsequent crowd violence. In other words, understanding of group behaviour and crowd dynamics is also about understanding how the escalation of violence is sometimes linked to the type and intensity of police intervention itself.
- **Raves:** Communication via mobile phone, internet links and friendship networks were essential to the spontaneity of the gathering, since the time and location were usually only shared out at the last moment.

Dynamics of group violence: In the context of a large crowd, the rules become even less defined. Mob rule is precisely about lack of restraint, the unbridled use of force against an opponent. In small-scale fight situations a ritual mediator may step in to end the potential escalation of conflict (for example a mate who intervenes to cool things down; Moore 1994: 76). In crowd situations, such mediation is much less likely. Rather, the transformation into the mob precludes such mediation and opens the door to unrestrained violence.

- One theme of this paper is that not all forms of collective violence are the same, and that analysis of causal reasons and the microdynamics of specific types of violence reveal great variation in the specific nature of the violence.
- Across the events and groups associated with violence that have been identified, certain commonalities can be noted. These include:
 - active use of new communication technologies such as mobile phones, combined with access to motor vehicles, allowing for quick mobilisation of large groups of people in particular locations - hence the capacity to 'swarm'
 - an emphasis on excitement, thrill-seeking, and taking collective control over particular public areas and local territories - hence an assertion of self and social identity via certain types of activities
 - defiance and resistance in relation to authority figures such as the police, and antagonistic, frequently physical and verbal abuse of law enforcement officers - hence a disregard for normal conventions and laws
 - events marked by a degree of unpredictability, due to the diversity and anonymity of participants, and the volatile nature of crowd behaviour - hence a general lack of clarity regarding the rules of engagement surrounding the use of violence
 - the media frequently playing a major role in reflexively creating violent events by publicising them in advance, sensationalising them when they occur, and exaggerating the enormity of particular events relative to 'the Australian way of life' - hence the stimulation and provocation to violence is to some extent inspired by the mass media itself."

Emergence of Swarming Behavior: Foraging Agents Evolve Collective Motion Based on Signaling

National Institutes of Health (NIH) | National Library of Medicine | National Center for Biotechnology Information

By [REDACTED], 1,2,* and [REDACTED], 1
([REDACTED])

- “Swarming is the phenomenon in which a large number of individuals organize into a coordinated motion. Using only the information at their disposition in the environment, they are able to aggregate together, move en masse or migrate towards a common direction.
- In an effort to test the multiple theories, the past decades counted several experiments involving real animals, either inside an experimental setup [13–15] or observed in their own ecological environment [16]. Those experiments present the inconvenience to be costly to reproduce. Furthermore, the colossal lapse of evolutionary time needed to evolve swarming makes it almost impossible to study the emergence of such behavior experimentally.
- Computer modeling has recently provided researchers with new, easier ways to test hypotheses on collective behavior. Simulating individuals on machines offers easy modification of setup conditions and parameters, tremendous data generation, full reproducibility of every experiment, and easier identification of the underlying dynamics of complex phenomena.
- Reynolds [17] introduces the boids model simulating 3D swarming of agents called boids controlled only by three simple rules:
 - Alignment: move in the same direction as neighbours
 - Cohesion: remain close to neighbours
 - Separation: avoid collisions with neighbours”

Predator confusion is sufficient to evolve swarming behaviour

National Institutes of Health (NIH) | National Library of Medicine | National Center for Biotechnology Information

By [REDACTED], 1,4 [REDACTED], 2,4 [REDACTED], 3,4 [REDACTED], 2,4 and [REDACTED], 2,4
([REDACTED])

- “To study the effects of predator confusion on the evolution of swarming, we create an agent-based simulation in which predator and prey agents interact in a continuous two-dimensional virtual environment. Each agent is controlled by a Markov network (MN), which is a stochastic state machine that makes control decisions based on a combination of sensory input (i.e. vision) and internal states (i.e. memory) [40]. We coevolve the MNs of predators and prey with a genetic algorithm (GA), selecting for MNs that exhibit behaviours that are more effective at consuming prey and surviving, respectively. Certain properties of the sensory and motor behaviour of predators and prey are implemented as constraints that model some of the differences between predators and prey observed in nature (e.g. relative movement speed, turning agility, and, for predators, maximum consumption rate). Predator confusion, described in more detail below, is implemented as a constraint on predator

perception that can be varied experimentally.”

HOW COVERT AGENTS INFILTRATE THE INTERNET TO MANIPULATE, DECEIVE, AND DESTROY REPUTATIONS

The Intercept | By [John F. Edwards](#) and [David E. S. Key](#)

One of the many pressing stories that remains to be told from the Snowden archive is how western intelligence agencies are attempting to manipulate and control online discourse with extreme tactics of deception and reputation-destruction. <!--more--> [https://theintercept.com/2013/12/19/snowden-intel-agencies-manipulate-online-discourse/](#)

[https://theintercept.com/2013/12/19/snowden-intel-agencies-manipulate-online-discourse/](#)

- “But, here, I want to focus and elaborate on the overarching point revealed by all of these documents: namely, that these agencies are attempting to control, infiltrate, manipulate, and warp online discourse, and in doing so, are compromising the integrity of the internet itself.
- Among the core self-identified purposes of JTRIG are two tactics:
 - (1) to inject all sorts of false material onto the internet in order to destroy the reputation of its targets; and
 - (2) to use social sciences and other techniques to manipulate online discourse and activism to generate outcomes it considers desirable.

Emotions during the Covid-19 pandemic: Fear, anxiety, and anger as mediators between threats and policy support and political actions

([https://www.ncbi.nlm.nih.gov/pmc/articles/PMC7700000/](#))

- “The COVID-19 pandemic has significantly changed the lives of most people. It has been described as the most severe global health disaster of modern times by the United Nations. No doubt such a major crisis influences what citizens think of different policies, and how they become politically active, not to mention, the forceful emotional experiences that the COVID-19 pandemic brings. This study evaluates how emotions affect support for policies related to restricting the spread of the virus and economic assistance, and how emotions affect intentions to engage politically. In an experiment ($N = 1,072$), we manipulated emotional reactions to threat by highlighting different aspects of the pandemic. Our findings show that different experimental treatments elicit different emotions, and that fear, anxiety, and anger are all related to policy support and political action intentions, but in different ways. Fear and anger predict support for restrictive policies to limit the spread of the virus, while anxiety predicts support for economic policies. Anger and anxiety, but not fear, increase intentions to engage politically. Hence, we find support for a mechanism where different aspects of the COVID-19 crisis evoke different emotional reactions, which in turn affects policy support and political actions differently.”

Activities of Interest

2021 - COVID-19 Pandemic

After hanging out with [redacted] and their child for many years, Thanksgiving, Christmas and/or New Year's traditions, something drastically changed in 2021. Although, I think the plan was started on November 12, 2020, when Ryanne asked if I was coming to Smyrna, Georgia (in the Atlanta metro) area for Thanksgiving. I declined the offer due to the COVID-19 Pandemic and lack of vaccines at the time. I however did mention to [redacted] that I was seriously considering moving to Atlanta when my apartment lease was up in May 2021.

- **OF INTEREST:** In September 2020, Ryanne Duffie Saucier sent a text message "that after a wild two weeks she accepted a role as Senior Counsel at Fox News."

In April 2021, I planned on traveling to Atlanta to look for an apartment and I cannot remember who reached out first, myself or Ryanne and [redacted]. I flew to Atlanta in mid-April 2021 and stayed with Ryanne and Dan as they insisted.

Fall 2021

And I will never forget [redacted] stating in November / December 2021, "**get her, she is Jewish!**" out of nowhere. I had no clue what [redacted] was talking about at the time, but later saw Abby Grossberg from Fox News speaking out about her discrimination lawsuit in April 2023. I strongly sense that Ryanne was talking about Abby Grossberg, when Ryanne Duffie Saucier said "**get her, she is Jewish**" in her own house, as I was a guest to watch College and/or NFL football that day.

Discipline, Order, Sequence - Ryanne Duffie Saucier likes to target single individuals who hold minority status via race, gender, religion (Jewish and/or Catholic), and place of birth.

- “In the statement, Grossberg said she repeatedly told Fox lawyers that she had an inoperable company-issued cellphone that she used during 2020 election coverage. Fox lawyers told her to hang on to the device but never searched it or copied her files, as they did with her other phones, according to the statement.
- Grossberg was fired in March after she filed a lawsuit claiming that Fox lawyers coerced her into giving misleading testimony in the Dominion case and that she was being made a scapegoat for the network’s 2020 election coverage. Fox says she was fired for divulging privileged information.
- Grossberg, in the new affidavit, said a forensic expert recently pulled two recordings off the broken phone that she recorded using an app called Otter, which simultaneously records and creates text transcriptions of audio files. The recordings, which she details in the affidavit and audio of which was shared with NBC News, are of phone interviews she participated in with Maria Bartiromo: one with Sen. Ted Cruz, R-Texas, and another with two sources who claimed to know about Dominion voter fraud.”
 - **OF SIGNIFICANT IMPORTANCE:** Ryanne Duffie Saucier is the Vice President of Legal Affairs for Fox News Stations.

- **2021 - Present | Me, Charisse S. Moore**
 - **Summer / Fall 2021 -** [redacted] asked me if I was thinking of starting a business, and if so, if he could join me. And Ryanne Duffie Saucier promptly asked me if she could look at my financials. I was stunned and intrigued that Ryanne wanted to look at my financials.

Fall 2021 | Discussions about race with The Sauciers

- **Fall 2021 -** [redacted] started a conversation about [redacted] and blackface paintings in an open house. Totally random comment, with no sense of purpose for the comment.
- [redacted] also brought up a comment that an old and dear coworker made, that was of a racial nature. I do not know why Dan keeps bringing up the comment, especially when he knows that that coworker is near and dear to many of our in our department at MDA.
- I shared with Ryanne and Dan that my Uncle Tony (Anthony Smith) is of Ashkenazi Jewish descent in the fall of 2021.
- I shared pictures of my cousins Errol, Stephen and Jennifer who are biracial and are the niece and nephews of the Governor-General of Jamaica, [redacted] and one of my cousins lived in the Atlanta, Georgia area.
- I shared a picture of my Mother’s house in Boca Raton, Florida.
- At the time, I recall Ryanne Duffie Saucier and Dan Saucier stating that they wanted to move their child to a school that has more diversity.

Reflecting on prior experiences related to Interstate Stalking by The Duffies and/ or The Sauciers

- Ryanne Duffie Saucier and her family Terry Duffie and particularly Tara Duffie are people of interest, as I know understand that Tara Duffie is a Psychiatric Mental Health Nurse Practitioner at Vanderbilt University. At the time, I was processing the death of my brother Winston Alexander Moore, Jr. and had calls with Ingrid Jones.
- **NOTE:** In Summer 2021, Dan Saucier stated that he had a Bachelor degree in Psychology. This contrasted with what Daniel Saucier stated in 2011, a Bachelor's degree in Political Science.

My classmate, Katey Ray, Maggie Ray, Lisa Ramsey, Ben Ramsey, Jodi Ramsey, and others came to get me from the gas chamber around and as I turned to walk away, I looked at a yellow rose before walking away.

November 2020 - April 2021

- **NOTE:** During a call with Ingrid Jones, I shared that I was interested in moving to Atlanta, Georgia due to the Deloitte office, housing affordability, and access to a major airport. I recall Ingrid Jones stating "Are you sure about that?"
- **OF INTEREST:** Ingrid Jones once talked about Hilter, out of the blue, as her grandfather was dying. I did not ask any questions about Ingrid's comment. The relationship needed to come to an end, as it was not longer productive, however maintaining the schedule during the pandemic was information to outside contact besides Jax, my Maltipoo.

February 27, 2022 | Elliott Management Wall Street's Most Feared Activist Investor Is Changing His Game After Shaking Up Twitter, AT&T And Samsung

Forbes Staff

I write about buyouts, mergers, acquisitions and other dealmaking.

"Billionaire Paul Singer made his name pressuring public companies – but recent windfalls in private equity have prompted him to shift tactics.

Elliott was founded by Paul Singer in 1977, making it one of the world's oldest hedge funds. At first, Singer focused on convertible bond arbitrage, then distressed investing. In the 2000s, he turned his efforts to activism. By then, Elliott had become a Wall Street giant. And it had earned a reputation as a firm not to be trifled with, one that is unafraid to chastise corporate executives and issue public calls for a sale process, a new CEO or other major strategic shifts. The firm's most famous fight was with the government of Argentina, a 15-year legal campaign waged over lapsed debt payments that included the seizure of an Argentinian ship and, eventually, a \$2.4 billion payout for Elliott, while other bondholders settled for pennies on the dollar. Last year, [the firm was named](#) as "Wall Street's most feared fund."

Elliott's activist activities continue: Its targets in recent years have included Twitter, AT&T and

Samsung."

CRITICAL BUSINESS INFILTRATION

Military Tactical Hold within the Lincoln at Dilworth apartment complex:

For months and months (December 21, 2022 through March 31, 2023), everytime that I took Jax out for a walk, people lined their cars up in the driveway at Lincoln at Dilworth, stood in the garage at Lincoln at Dilworth, lined up on the walking path for Jax and/or followed down the elevator. There was an unknown social media frenzy to me.

The elevator episodes were of particular interest as, each time that I pushed the button for the elevator, the elevator went up to the fifth (5th) floor prior to coming to the fourth (4th) floor. I sensed that the men that were in the elevator were following me and/or watched me take a shower and watched the video of me showering.

We also joked about like in South Florida, the need to keep up and "needing to be skinny" but that was for a point in time, like our early 20s. I talked about my Dermatologist and how he stated that I needed to lose weight during a visit to his office.

Dear Lindsey,

This letter serves as notification that I will be vacating the Lincoln at Dilworth property located at 905 Kenilworth Avenue, Charlotte, NC 28204, Apartment 479 on Friday, March 31, 2023. This decision is not taken lightly, due to safety and security concerns it is necessary for me to terminate my lease.

As discussed, during the past two weeks, the following incidents have occurred within my apartment:

- Saturday, March 11th - Noticed green pin-dot laser light against my curtains at multiple points throughout the day
- Wednesday, March 15th - Awaken by a green pin-dot laser light on my face at 3:45 am.
- Thursday, March 16th - During a meeting, noticed red pin-dot laser light against the wall where my desk is step up 4:00 pm - 4:30 pm
- Friday, March 17th - Awaken by a bright camera flash between 3:30 am - 4:00 am
- Saturday, March 18th - Green pin-dot laser light shined on my face at 7:30 am

Note that on Wednesday, March 22nd the apartment above me from 5:30pm - 6:20pm either moved and/or constructed items that were loud and disruptive in nature.

- On Wednesday, March 22nd at 5:56pm I noticed the green pin-dot laser light against my curtains.
- On Thursday, March 23rd at 3:15am I noticed the green pin-dot laser light against my blanket near my face.

Contacted and meet with the Charlotte Mecklenburg Police Department to discuss the situation

- Tuesday, March 21st - Case Number 20230321155300
- Thursday, March 23rd - Case Number 20230323101700

Lease Termination Options were previously provided, at this time I will move forward with Option 3 - Rent Responsible until Re-Lease. Note that my original lease agreement termination date is June 30, 2023.

As I both live and work from home, safety and security are of the utmost importance for me. It is unfortunate that the circumstances noted above have occurred.

- I spent the weekend at Ryanne Duffie Saucier and Dan Saucier, as they were out of town. Their babysitter for Elias was at their home in Smyrna, Georgia for the weekend, with her boyfriend. The babysitter and her boyfriend (unfortunately, I do not remember their names) slept upstairs and I slept where I usually slept, downstairs in the guest room.
- The babysitter was a student at the University of Georgia, in Athens, Georgia. Dan Saucier has a sister and nephew that also live in the Athens, Georgia area.
- The babysitter and I had multiple conversations about her attending a friends wedding that celebrated the Indian culture. At this same time, I may have shared a vision that I had for a multi-cultural show to help people see that we have more in common than we do differences.
- **August 2021 | Conversation about Ryanne Duffie Saucier joining Fox News**
 - Ryanne, Dan and I had a conversation about Ryanne Duffie Saucier joining the Fox News team and how Fox News has changed. I was happy for Ryanne to join the Fox News team and told her about an old friend that worked at Fox News and how successful that person looked from her LinkedIn. Ryanne and I then talked about clothes that we wore at work. I specifically noted that I like to wear crew neck tops, so that "there is no funny business". Meaning focus on the work and be respectful of myself and people's families. Ryanne looked at me kinda of strange, but I understand because the comment came out of nowhere. I then switched the subject to tv shows and movies and talked about the movie *Boyz n the City*. I showed Dan and Ryanne have pictures of my family (Sir Patrick Allen's family) and my Mom's home in Boca Raton, Florida. My intention was to show the diversity of family, as Dan mentioned a couple of times that he has no-racial siblings that he would like to meet from Mississippi.

- **Halloween 2021 |** Note that Ryanne Duffie Saucier actively highlighted her son wearing Minnie Mouse slippers to be "just like his mom", in addition to Ryanne and Dan allowing their son to come down the stairs and outside unclothed.
 - **NOTE:** During this time, Ryanne Duffie Saucier mentioned her son had "grooming" child abuse. Ryanne may have been referencing something to this nature, I am not sure, as I did not ask and was not interested in the talking point.
- **November 2, 2021 |** Ryanne Duffie Saucier asked me repeatedly to spend the night at their house for unknown reasons. I lived approximately 10-15 minutes away from Ryanne Duffie Saucier and Dan Saucier. Spent the night at Ryanne Duffie Saucier and Dan Saucier's house at Ryanne's insistence. - **December 25, 2021** | I remember Sharon Duffie looking at Ryanne Duffie Saucier on December 25, 2021, saying that Ryanne sleeps naked, Elias comes into the bedroom and sleeps with her and that Dan sleeps in the spare room due to his sleep apnea. It was a strange comment that came out of nowhere.

- Age: 43 years old

May 2022 | Smyrna, Georgia Targeted

Following up with you on being potentially stalked. On Thursday, May 12, 2022 – I saw one (1) young black man walking in the opposite direction of my morning walk with Jax (7:05am - 7:25am):

- Race: Black male, dark skinned
- Height: Tall (about 6'0)
- Build: Skinny, 150-165 lbs.
- Age: 20-27 years old
- Clothes: White baseball hat, white Ralph Lauren Bear long sleeve hoodie, white shorts that hit at the knee, white sneakers, backside of underwear had some yellow in it

As we walked in opposite directions, when he approached my direction, I crossed into the median grass area and continued to walk my dog. After the individual walked past me, I returned to my original path and smelled weed from the man's walking path. ***He had a little black video recording device in his hand***, he looked in the Bobbie Sharma clothing store with it. As I made the loop around the buildings (beginning at Five Guys to McCray's Tavern to the Alexander Dentist office and back to Elevate West Village), our paths crossed on opposite sides of the street, he said 'Hi', pseudo waved and pointed the black device my direction. I shared this information with Ingrid Jones, Rachel Luppino (friend) and Andre Gilgeous (cousin), each individual did not pay attention to issue.

2022 – 2023 | While a resident at the Lincoln at Dilworth apartment complex in Charlotte, North Carolina, I strongly believe that there were HIDDEN CAMERAS installed in my apartment and the following activities took place:

2022 - 2023 | Stripe, Inc.

- **October 2022 |** As Payroll Program Manager, my personal phone was used to conduct business on behalf of Stripe, Inc. to include, but not limited to, calls to the following organizations:
 - Ultimate Kronos Group (UKG) - United States Payroll
 - **OF INTEREST:** Contacted Gusto Payroll to gain access to Stripe, Inc. subsidiaries reports
 - **OF INTEREST:** Partnered with Finance Operations, Corporate Tax and SALT to resolve State of Maryland Payroll Employer Quarterly taxes, Baltimore County and City of Baltimore taxes for Helm Services

December 2022: I, [REDACTED], read the book *Betrayal Trauma* by [REDACTED]. The name of the book, Betrayal Trauma, is enough to get anyone's attention. Especially when former friends stalk you and leave threatening message.

- **OF SIGNIFICANT IMPORTANCE:** Fall 2021 | Remember Dan Saucier talking about people getting shot while he was a child at home.

Military Tactical Hold within the Lincoln at Dilworth apartment complex:

For months and months (December 21, 2022 through March 31, 2023), everytime that I took Jax out for a walk, people lined their cars up in the driveway at Lincoln at Dilworth, stood in the garage at Lincoln at Dilworth, lined up on the walking path for Jax and/or followed down the elevator. There was an unknown social media frenzy to me.

The elevator episodes were of particular interest as, each time that I pushed the button for the elevator, the elevator went up to the fifth (5th) floor prior to coming to the fourth (4th) floor. I sensed that the men that were in the elevator were following me and/or watched me take a shower and watched the video of me showering.

- **December 27, 2022:** There were four (4) vehicles that surrounded the exit of Lincoln at Dilworth, when I went to walk Jax. **VEHICLES OF INTEREST:** Black Ferrari (this vehicle was in the Lincoln at Dilworth parking garage in December 2022)
 - **NOTE:** A resident, white woman with blonde hair and a little Poodle stared at me in the elevator and did not say a word.
- **December 28, 2022:** Ulta Beauty at 7314 Waverly Walk Ave, Charlotte, NC 28277

- Doxxed while paying for Dolce & Gabanna - Light Blue. The cashier asked for my phone number and screamed my phone number across the entire store.
- **Banfield Pet Hospital appointments at Charlotte SouthPark**
 - **February 10, 2023:** The veterinarian pulled out a lot of Jax's teeth in the top part of his mouth. Jax must now eat soft food, instead of the Blue Buffalo that he traditionally ate.
 - **OF INTEREST:** Instead of the traditional call from the Veterinarian's office, the follow-up call about the surgery I received an email instead which was strange, as this was the first time that person wanted to help out
- **February 22, 2023:** Followed by Grey Jeep Wrangler with dark tinted windows to church on Ash Wednesday at St. Gabriel Catholic Church.
 - **Address:** St. Gabriel Catholic Church - 3016 Providence Rd, Charlotte, NC 28211
 - **Of Interest:** This is the day that my ears finally stopped burning and turning red.

March 6, 2023 - March 20, 2023: The stalkers upped the ante and started to use laser pointers through the vents in the Living Room, Bedroom, Bathroom, Office area and additional unknown areas of the apartment. Specifically, unknown individuals shined laser points in my eyes when I woke up from sleeping at 3:00M or 3:30am to wake me up.

March 2023 | As Payroll Program Manager, I made calls to the State of California Employment Development Division (CA EDD) for Payroll Employer Quarterly Tax purposes, this occurred during the same time of the Silicon Valley Bank (SVB) crash

- **Silicon Valley Bank (SVB) and First Republic Bank** (<https://www.svb.com/>, <https://www.firstrepublic.com/>, <https://www.frb.com/>)
- During this time I also made calls to the United States Department of Treasury and/or the Internal Revenue Service (IRS), to recover and/or seek a refund on behalf of Stripe, Inc. (with the Bureau of the Fiscal Service, <https://www.irs.gov/bft/>) and could audibly hear a call drop in the background, this occurred in March 2023 (on my phone <https://www.youtube.com/watch?v=U3333333333>).
 - The call was dropped after the recorded statement of *"This is a recorded line of the United States Department of Treasury and/or the Internal Revenue Service"*
- **March 2023 |** As Payroll Program Manager, this coincided with the Stripe Tender Offer scheduled for March 2023. Additionally, I made calls with the State of California attempting to recovering ~\$500K on behalf of Stripe, Inc., the State of Maryland in partnership with <https://www.marylandtax.com/>, Corporate Tax, <https://www.marylandtax.com/>, State and Local Tax (SALT) and <https://www.marylandtax.com/>, Finance Operations and <https://www.marylandtax.com/>, Real Estate ~\$3.0M and the City of Baltimore
- **Tuesday, March 21, 2023:** Again, contacted the Charlotte-Mecklenburg Police Department to perform a search of my apartment due to possible hidden cameras, break-ins and to discuss mischievous behavior within my side of the apartment complex.
 - *Tuesday, March 21st - Case Number 20230321155300*

RE: Lease Termination - Apt 479 Lincoln at Dilworth

Dear Lindsey,

This letter serves as notification that I will be vacating the Lincoln at Dilworth property located at 905 Kenilworth Avenue, Charlotte, NC 28204, Apartment 479 on Friday, March 31, 2023. This decision is not taken lightly, due to safety and security concerns it is necessary for me to terminate my lease.

As discussed, during the past two weeks, the following incidents have occurred within my apartment:

- Saturday, March 11th - Noticed green pin-dot laser light against my curtains at multiple points throughout the day
- Wednesday, March 15th - Awaken by a green pin-dot laser light on my face at 3:45 am.
- Thursday, March 16th - During a meeting, noticed red pin-dot laser light against the wall where my desk is step up 4:00 pm - 4:30 pm
- Friday, March 17th - Awaken by a bright camera flash between 3:30 am - 4:00 am
- Saturday, March 18th - Green pin-dot laser light shined on my face at 7:30 am

Note that on Wednesday, March 22nd the apartment above me from 5:30pm - 6:20pm either moved and/or constructed items that were loud and disruptive in nature.

- On Wednesday, March 22nd at 5:56pm I noticed the green pin-dot laser light against my curtains.
- On Thursday, March 23rd at 3:15am I noticed the green pin-dot laser light against my blanket near my face.

Contacted and meet with the Charlotte Mecklenburg Police Department to discuss the situation

- Tuesday, March 21st - Case Number 20230321155300
- Thursday, March 23rd - Case Number 20230323101700

Lease Termination Options were previously provided, at this time I will move forward with Option 3 - Rent Responsible until Re-Lease. Note that my original lease agreement termination date is June 30, 2023.

As I both live and work from home, safety and security are of the utmost importance for me. It is unfortunate that the circumstances noted above have occurred.

If you have any questions or concerns, feel free to contact me at the details listed below.

Best,

Charisse S. Moore

Temple, MD, Diane Essilfie, Anthony Smith (my Uncle), Brianna Smith (my cousin), Stacey Malcolm / Stacey Lester / Stacey Graham, Grimes (Claire Elise) and additional known and unknown con-conspirators have partnered with the British Monarchy to implement brain hijacking's with information below typed about the British Monarchy.

Maralou Billig is responsible for killing Rafael Konopka another Nutcracker ending in September 2020.

June 19, 2024, George Phillips, HRH stated that he won \$2.75 billion dollars off of Charisse S. Moore in the Unauthorized Non-Consented Psychology, Business and Technology Social Media experiment.

Charisse S. Moore has not received any financial assistance since been stalked in Orlando, Florida; Houston, Texas; Orlando, Florida; Smyrna, Georgia; Charlotte, North Carolina; New York, New York; Dublin, Ireland; London, England; New York, New York; Walt Disney World, Florida; South Florida and New York, New York.

I, Charisse S. Moore have not met the British Monarchy before with the exception of walking past Prince Edward at 6:45am in late July 2023.

In late July 2023, I had a procedure on my legs to help with the blood flow to and from my heart in my left leg and my right leg, by Dr. Sajit Bhursi, Upper East Cardiology. My left leg has an implant by Micron because the valve in my left leg that is responsible for major blood flow to and from my heart has stopped. Please stop using my legs to stop me from walking.

They used the answer to Snap, Inc. / Snapchat Interview Prep question #3 to mess up my Chanel eyeglass prescription and my eyes picked up at Optyxx in the Upper East Side, New York, initially identified in October 2023 and publicly identified by me on June 24, 2024. Please note that Elon Musk has tried to identify this gently since January 2024 in New York, New York.

Why would you use Artificial Intelligence, Machine Learning, Search Engine Optimization (SEO) keywords, hacked documents, Business, Technology, Fashion, Retail, Psychology, Domestic Violence Circle, Trading Spouses, Music, Production, Music Mixing and talking like a baby all at the same time on people. These individuals have tied the clothes that Charisse S. Moore buys to the British Monarchy rules without informing Charisse S. Moore that she is related to the British Monarchy and have not provide Charisse S. Moore with an allowance and/or public relations schedule to align with the British Monarchy. See *https://www.bbc.com/news/health-67444444* and *https://www.bbc.com/news/health-67444444*.

Sitting with my legs crossed deploys Dan Saucier to spit in my vagina, because it does not align with British Monarchy unknown rules and regulations - that I am not a part of!

Charisse S. Moore jobs is the equivalent of Michael Tindall's, Zara Phillips Tindall's husband in Mergers and Acquisitions, of the British Monarchy.

The lesson from Prince Harry and Duchess Meghan Markle was not learned.

And for the love of God, why would you use the Bible against someone and wrestling (like seeing a car tag that says NWO and then use a "power driver" wrestling move. There is no transfer the load for interest, taxes and penalties at \$600,000,000 a day, \$20 Trillion dollars in back taxes. And why is Ryanne Duffie Saucier, Dan Saucier, Tara Duffie obsessed with Charisse S. Moore's vagina. Everyone is trying to help and they do not like the things going on down there.

The British Monarchy ran Charisse S. Moore out of her apartment in September 2023 - 140 East 56th Street, Apt 4A, New York, New York.

Was the goal of multiple unnecessary medical procedures on Jax to implant a device within the dog, that could listen to conversations like Alexa from Amazon? Why did Jax have three - four medical visits in one year 2023?

Ask For Protection (After Charlotte)

I asked for protection after Charlotte 2023, prior to moving to New York in May 2023. The ask for protection somehow turned into Targeted Retribution - London, Disney, Boca Raton. I am returning to New York and the NorthEast, with California being a possibility for safety. The stalking laws.

- **April 28, 2023:** Flew from Seattle, Washington airport to Miami, International Airport to meet Ingrid. Ingrid told me that she planned to go to that airport to get a Global Entry card. Upon arriving at Miami International Airport, I learned that Ingrid Jones was not able to come to the airport, as her mother's vehicle had issues. I took a Lyft from Miami International Airport to the Galleria Mall in Fort Lauderdale and waited for Ingrid in the Macy's garage.
 - We went out to lunch and talked for a while. After lunch, I booked an Airbnb and Ingrid took me to the Airbnb in Hollywood, Florida and while driving I met her brother over FaceTime or WhatsApp. Ingrid's brother seemed nice.
- **May 4, 2023:** Met with Ingrid Jones at the Sawgrass Mills Mall, Florida, to discuss the stalking situation and next steps to move forward to safety after Charlotte. I did research on Stalking laws for California, Washington and New York. I used my role at Stripe, Inc. and there offices as part of my research process, as I thought that it would be safer to work in an office versus working remotely. With everything that happened in Charlotte, I did not have an opportunity to talk to another person face-to-face to get the help that I needed - help to prevent people from continuing to stalk me. Ingrid never asked, "are you okay?". Ingrid never stated that she contacted the police, FBI and/or reached out to anyone to help me. Ingrid mentioned Colombia in the early April 2023 call on the new Verizon phone.
 - ***Ingrid simply stated that "Charisse you can survive a couple of nude pictures. Make***

sure you look your best. You'll be fine."

OF SIGNIFICANT IMPORTANCE

- Widely publicized personal therapy sessions, clearly identified while a resident in New York, New York with the keywords - Barbie, Oppenheimer and DARPA. Additional discussion points include working with Dr. Michelle Pantoya, Engineering Professor who focuses on Combustibles.
 - **OF INTEREST:** I mentioned I went to 100 East 53rd Street, New York, NY 10022, to end the call on Thursday, July 18, 2023.
 - **NOTE:** Michael Hill's office at Santander is near my old apartment - Santander Investment Securities Inc. 45 East 53rd Street, New York, NY 10022
 - **OF INTEREST:** In late July 2023, I saw **Prince Edward, the Duke of Edinburgh** as I walked Jax around 6:45am near my old apartment on East 56th Street and Lexington Avenue in New York, New York.
 - **NOTE:** That during dinner with Anthony Smith, he explicitly asked, who trained the dog, who trained Jax?

August 25, 2023 | London, England and Sheffield, England

- While walking around London, England, several people (women) attempted to show me different stores to help change my style, to include Zara and Accessorizes.
 - **NOTE:** How did they hear about the \$75,000 that [redacted] owes me for moving multiple times due to long-term stalking?
- Prior to arriving in London, England, I performed research on [redacted] to include [redacted], [redacted], [redacted], and all members of [redacted] initially listed on [redacted] landing page(s).
 - **OF SIGNIFICANT IMPORTANCE:** While passing by the Zara and Accessorizes store in

the pictures below, I noted that if Ryanne Duffie Saucier and Dan Saucier paid me the \$75,000 dollars for all of the times that I had to move before stalking (now known as Interstate Stalking based on the Department of Justice guidance for the Northern Districts of Georgia), then it could help me recover from the multi-year stalking scheme.

- I thought that I was taking part in a bit of show and tell, and saw a woman that looked like my Aunt Michelle. Note that I showed [REDACTED] and [REDACTED] a picture of my Aunt Michelle's son while at their home in Smyrna, Georgia in August 2021. I followed a woman to a bus station and took a bus to Sheffield to visit my cousin, Brian Galloway.
- After a distressing incident, I called and/or texted [REDACTED] for assistance and there was a delayed response by [REDACTED].

August 25, 2023 | Meeting with Ingrid Jones, Licensed Mental Health Counselor

- In August 2023, while visiting London, England, I met with my cousin and ask if Sir Patrick Allen was our Grand Uncle and received confirmation of the following:
 - My Grand Uncle is [REDACTED], Governor-General of Jamaica, Vice Regal of the British Royal Monarchy reporting to [REDACTED].
 - **NOTE:** That I had a quick meeting with [REDACTED] over Zoom, it may have been on [REDACTED] Zoom application

August 26, 2023 | Buckingham Palace

- On my way back to Heathrow airport, the taxi driver drove directly in front of [REDACTED] and then people walked down the street signaling a cold shoulder - "cold opening".

September 10, 2023 - September 13, 2023 | Disney Yacht Club Resort, Orlando, Florida

- The British Monarchy and British Monarchy alliance stalkers had Charisse S. Moore curtsy in the shower for six (6) hours with the brain hijacking Unauthorized Non-Consented experiment at Walt Disney World in September 2023 and said that Charisse S. Moore would be whippings for not curtsying correctly. The number of whippings incorrectly curtsying were up to 1,500.
- The British Monarchy alliances stalkers and then asked about dissociation via brain hijacking, see Growth Plan_2022.04 a random series of notes based of the United States of America National Institutes of Health (NIH) quick research.

September 20, 2023 - September 24, 2023 | The Diplomat Hotel

- Why were there nude pictures taken of [REDACTED] of my rear end while using the bathroom at [REDACTED] in Hollywood, Florida. There was a burst of light similar to the experience at my apartment in 140 East 56th Street, Apt 4A, New York, New York.
- Brain hijacking and invisible proposal to George Phillips, HRH to become Queen of the Channel Islands.
- There was a statement of "anything that is one person's becomes George Phillips, HRH".
- There was another statement of "help me find the missing \$785 million dollars". Continued practicing of how to say Jersey, Guernsey and the Isle of Man.

- The British Monarchy alliances stalkers then implied that I could be their maid, if being Queen of the Channel Islands did not work out.
- Finally, I have never met George Phillips, HRH.
